

PUBLIC LEADER

SIXTH YEAR.

MAYSVILLE, KY., FRIDAY, NOVEMBER 12, 1897.

ONE CENT.

LARGEST IN THE CITY.

Purely Business!

The columns of a newspaper represent a daily wage to the publisher. He affords to give advertising "advertisers" free of any more than the cost of the paper. He does not care for the advertiser's goods or services. He only cares for the advertiser's money. He only cares for the advertiser's money. He only cares for the advertiser's money.

We Knew We Had a Good Thing in the Stock of Goods

We bought by electric light a few days since. There is so much clap-trap clothing advertisements in vogue just now that we refrained from saying very much about the purchase. We simply called the public's attention to it by telling them to look at the display of these goods in our windows and note the prices on them. We knew we would sell some of them. The warm weather left a doubt as to selling a great many now. The doubt is dispelled. Since the day we opened this purchase and placed them in our windows our store has been crowded with customers anxious to secure these unheard-of bargains. We advise our friends who contemplate buying Fall Suits and Overcoats not to let this opportunity slip. It is only once in a long time that circumstances arise that enable merchants to secure first-class clothing that can be sold for less money than the cheaply gotten-up stuff that is flooding the market just now.

Our \$2, \$2.50 and \$3 Custom-Made

SHOES!

That we warrant to give satisfaction and cheerfully return the money if they do not have quickly sprung into favor. Out of town mail orders—and of which we receive many—receive prompt attention. Look at our show-windows; none like them in the state.

The killed, wounded and missing on the football battlefield show what accomplished kickers the Americans are, and if war with Spain becomes a terrible reality, our football teams can soon bring to an end by kicking the poor Spanish soldiers off of the face of the earth, unless the civilized Nations interfere on account of this cruel and inhuman mode of war.

ANOTHER OUTRAGE!

United States Army Officers Prohibit Football Playing in Georgia.

Colonel Henry C. Cook, commander of the Fifth Infantry of the United States Army, stationed at Fort McPherson, Ga., has issued an edict which prohibits any further playing of match games of football on that reserve.

The members of the Fort McPherson eleven will not be allowed to meet any teams from the outside, and the practice among the team has been greatly modified.

HARPER'S "BOOK OF FACTS."

Valuable Book For the Library of the Busy Man or Woman.

THE LEADER has lately received a copy of Harper's "Book of Facts," one of the most complete works of its class ever published.

It is to America what Haydn's "Dictionary of Dates" is to England, a complete compend of important historical events, a cyclopedia of facts to which one may turn when in want of ready information as to any important occurrence that has taken place in the world's history.

The Dictionary of Dates somewhat neglects the growth of the Western Hemisphere, and it was in view of this fact that the present great work was undertaken by its compiler, Mr. J. H. Willsey of Buffalo, N. Y.

For the man or woman who has no time to search for knowledge on any particular subject, the book is an invaluable one, arranged as it is so that any event can be found in a moment's time.

It deals in history, science, art and literature, so that in itself it is a complete encyclopaedia.

In short it is the book that should be in the hands of every busy man or woman who wants ready information.

Wedding Presents.

We are now on the threshold of the great wedding season. It is now that almost daily our attention is called by a dainty invitation to the fact that some of our friends are to be married. Each invitation means a present. Have you put your thoughts on the subject? If not, follow us a few minutes. There are in our store hundreds of articles absolutely correct for wedding presents and with prices ranging from one dollar or so up to hundreds of dollars. As thought directs us let us suggest

Watches, Silverware, Clocks, Onyx Tables, Lamps, Cut Glass, Bricabrac, Carving Sets, Pearl Handle Knives, Silver Toilet Sets, Bronzes, Spoons, Forks, Berry Dishes, Game Sets, &c.

From the great assembly here of handsome articles, suitable for wedding presents, you'll be able to select just the article you have in mind.

THE INITIAL IN THE CORNER

is a mark of ownership which saves many a handkerchief. We call attention to our tasteful assortment of Initial Handkerchiefs for men, women and children. Children's sizes, 5c, 12c. Women's from 15c. to 75c., all linen. Men's, 25c., 50c., 75c. and fair, the handkerchief selling goes on—the lots that are here being irresistibly interesting. Our 5c. handkerchief for children can't be excelled in quality and lightness.

SPHISTERY HINT—Autumn selling of Lace Curtains has been especially brisk. Usual result. Odd pairs and two pairs of a pattern are left here and there and these oddments are choicest patterns, else their fellows would not have been soonest sold—just such curtains are as tastefully best in the average home. Price clipped, though the goods are fresh and perfect. Nottingham Curtains \$1.25 instead of \$2 a pair, and \$1.75 instead of \$2.50. Renaissance Curtains \$2.75 instead of \$3.75, and \$3.75 instead of \$5.

DRESS TRIMMINGS—We have sold double the amount of former seasons. Why? Because we never carried such a complete stock. Many styles and many colors. Velvets, silks, buttons. Wide and narrow braids, jets and fancy chiffons. Get your Dress Trimmings of us and get suited both as regards quality and price.

SOFA PILLOWS—You'll never guess how we manage to sell these beautiful silk, gold-embroidered Pillow Covers at 50c. It isn't the covers' fault. The man who isn't making money on them is glad the lot is small. You'll be sorry.

SATURDAY NIGHT—TYCOON FLANNELLETTE in the pretty colorings you want for wrappers or children's wear or men's outing shirts or pajamas. The Tycoon washes and wears in that comforting way that pays for the trouble of making it up. It's worthy the home-dome sewing, too, and comes in prettily printed patterns. 10c. It has been and will be. For Saturday night only the price is cut to 6c. Plenty for everyone, no quantity limit. We regretted the gingham had to be limited, but when first comes want 25 and 30 yards we were forced to call a halt so that no one would be disappointed. We thought we had provided for every gingham need of Maysville with 2,000 yards, but our thronged counters soon convinced us our reckoning was short. Hence the 5 yard limit.

ANOTHER CAMPAIGN!

The Fall and Winter Work of Maysville Y. M. C. A.

SOME NEEDS OF THE SOCIETY.

The election is over, but the good work of our local Young Men's Christian Association, for the promotion of the social, physical, intellectual, moral and religious welfare of our young men, is just beginning in earnest, and we take pleasure in presenting to our readers a brief outline of the many excellent advantages which have been provided by the Directors and Committees for the benefit and pleasure of members and other young men of the city.

In addition to the various lines of work in the various Departments, which were so successfully maintained last year and will be continued during this second season, several new and valuable features are to be added, and no pains will be spared by the management in its efforts to make the local Association attractive and helpful to all who visit the rooms and make use of the privileges.

PHYSICAL DEPARTMENT.

Portions of the gymnasium hall ceiling, from which the plaster had fallen, are now neatly sealed over, the gymnasium apparatus and bathing appliances have been thoroughly overhauled, a new punching bag provided, and everything in this department is now in first-class condition.

The gymnasium is not intended as a romping place as some are disposed to treat it, but rather is established to give men—young and old, engaged in the busy vocations of life, or who spend much of their time in the schoolroom—an opportunity for a rational, health-giving and systematic course of physical exercise under proper and intelligent instruction.

The Roberts platform, which requires that "All exercises shall be safe, short, easy, beneficial and pleasing," will be adhered to in the local gymnasium work. Experience clearly proves that heavy and fancy gymnastics generally result in

more harm than good, and such will therefore be discouraged.

Regular classes have been arranged to accommodate the members as far as possible, and will be conducted as follows: For business men, Tuesday and Friday afternoons at 4 o'clock.

For young men, Tuesday and Friday evenings at 7 o'clock.

For Junior boys, Wednesday at 4 p.m., Saturday at 2 p.m.

Naturally the recreative element will form a prominent part of all class exercises, and as a special feature the popular game of Basket Ball will be introduced oftentimes at close of regular drills, and if desired matches game may be arranged for Monday evenings.

It is necessary to restrict the attendance at the gymnasium during the regular class hours to those who participate in the drills; but when sufficient progress has been made by class members an occasional public session will be announced to which interested visitors will be invited.

By the above arrangement of classes, &c., ample time and opportunity for individual exercise is afforded the members every day and on three full evenings.

Two of our local physicians have again kindly volunteered their assistance which will make it possible for any member to enjoy the decided advantages of a medical examination free of charge.

No one privilege of the Association is better appreciated and more generally used than the bathing facilities, consisting of one porcelain tub and two fine showers. The baths will be open every week day from 10 a.m. to 9:30 p.m.

SOCIAL DEPARTMENT.

The social life of the Association will be promoted in every legitimate way. A cheerful reception room, supplied with many excellent games, and a cozy parlor, with piano, are always at the disposal of members and invited guests who wish to spend a pleasant hour or more in the enjoyment of games, music and social conversation.

With the kind assistance of the Women's Committee, whose faithful work last season in this and other lines proved so indispensable, occasional social gatherings and musicals will be arranged for members and friends; and that these events will prove enjoyable and well worth attending is guaranteed by the co-operation of the ladies and the great success which has characterized every reception given thus far.

INTELLECTUAL DEPARTMENT.

The reading room, with its excellent assortment of literature adapted to the tastes of all patrons, will continue to be one of the most attractive features of the local organization.

Nearly fifty standard publications are now provided, the various papers being arranged on exceptionally neat files and racks and the magazines on a large oak center-table.

The correspondence desk is also in the reading room, the privileges of which are always gladly extended to young men, whether members or not.

About forty books form the nucleus of a library, which is hoped will be greatly enlarged sometime during the winter by means of a "Book Reception." Either cash donations or good books for the library will be gratefully received.

The Educational Committee has made arrangements for evening classes and competent instruction in the following practical branches:

- Penmanship—Teacher, Prof. H. E. Gabby.
- Bookkeeping—Teacher, Prof. W. T. Berry.
- Vocal Music—Teacher, Dr. P. G. Smoot.
- Stenography—Teacher, Miss Bessie Johnson.

Full information regarding these classes will be cheerfully given at the office, and all those who desire the advantages of one or more of the above courses of study are requested to make application at once so that the work may begin not later than December first.

A small fee will be charged to help cover necessary expenses.

Several members have expressed a desire for the formation of a society which would afford opportunities for debate and parliamentary practice, for the investigation of public questions and for instruction as to laws and methods by

which we are governed. Accordingly, the "Young Men's Congress," which combines many new and desirable features together with the advantages of the ordinary literary society, has been suggested; and if the interest is sufficient to warrant such a move, steps will be taken to organize a local Congress in December.

INFORMAL TALKS ON PRACTICAL THEMES BY LOCAL PROFESSIONAL AND BUSINESS MEN WILL BE GIVEN OCCASIONALLY.

RELIGIOUS DEPARTMENT.

The object of the Y. M. C. A. is to save and develop young men, and recognizing the fact that man is a compound being, made up of physical, mental and spiritual elements, and that in the broadest sense his salvation is attained only by a symmetrical development of the different parts of his nature in their mutual relations, the Association has made use of a variety of agencies to accomplish this all-round development of true manhood; but while so doing chief emphasis is always laid upon the spiritual side of the work, which from the very beginning of Association history has been considered of first importance—the essential and crowning feature of the organization.

The Men's Gospel Rally, which has certainly been the most attractive and helpful feature of our local work, will be maintained as heretofore every Sunday afternoon from 3 to 4 o'clock.

While the program of this service is varied, it generally includes a short address on some practical theme by a good local or visiting speaker, or brief talks by several members, hearty congregational singing and oftentimes special music. The present series of "Loyalty" talks, given by Pastors and laymen, are proving especially helpful.

A cardinal invitation to attend this Rally is extended to all men, whether members or not.

Study of the Bible, which is so sadly neglected by our young men, will be promoted in part by means of the Bible Training Class, the sessions of which are held every Thursday evening from 8:15 to 9 o'clock. The course of study is intended chiefly to give members of the class such a practical knowledge of the Bible as will better enable them to understand and use its truths in their daily contact with fellowmen.

All interested men are invited to join this class, and during the coming week (Nov. 14th-20th), which is a season set apart and observed by Young Men's Christian Associations throughout the world as a special Week of Prayer and effort on behalf of young men, the local Association has planned to conduct Evangelistic service for men in the rooms every night, except Saturday, at 8 o'clock. Five excellent speakers from surrounding towns and cities have been secured, and the full program will be announced later in these columns.

BOY'S WORK.

"The young men of tomorrow"—our boys of today—will not be neglected in the plans of the Association. Junior members will be allowed to use the privileges on Wednesday from 4 to 6 p.m. and on Saturday from 1 to 4 p.m.

Gymnasium classes will be conducted on those afternoons for the boys at 4 and 5 o'clock respectively. Five monthly gatherings for social and other purposes will be arranged, and a half-hour's Boy's Gospel Rally is to be held on the first and third Sundays of each month. Annual membership in this department costs \$3, and is open to boys between 10 and 15.

GENERAL.

Visitors will always be cordially welcome. The Association officials will endeavor at all times to give strangers or other young men of the city information in regard to good boarding houses, &c. Letters of introduction are willingly furnished to members and other men leaving the city, and when desired membership tickets will be transferred to other associations.

Young men in sickness will be visited and sympathy and help extended as far as possible.

MEMBERSHIP.

Any man of good character, regardless of his religious belief, may join the Association by making application at the office or through some member, and paying the annual dues, \$3. Members are entitled to all general privileges outlined above, excepting that a nominal entrance fee is required of those joining educational classes.

As special privileges, a limited number of dressing cases may be rented for a small sum, and for the convenience of those who do not care to bring their own towels, the Association provides towel service at the cost of laundry. Private steamers door here are loaned to members for a small deposit.

Beyond the membership fee and a small expense at the outset for proper clothing

and shoes, no gymnasium member is actually obliged to spend a cent.

CO-OPERATION.

The young men of the city should certainly manifest their appreciation of the many good things provided for them in this institution, by taking out a membership ticket at once, and helping in every way possible to make the local work successful.

Every member whose dues are now payable is urged to renew promptly.

The co-operation of the business men and ladies of the city is also needed. Because of the small charge for membership, the Association cannot be made self-sustaining, nor would it be best for it to be, and financial assistance is therefore necessary and will always be thankfully received.

The young men are a most important factor for good or evil in the community, and certainly no better investment of funds could be made by any man or woman than that which assists in maintaining the rooms or building of a Y. M. C. A.; where splendid work here and elsewhere for the elevation of manhood is deserving of the highest commendation and substantial support of citizens.

The local Association is now well into its second fiscal year, and the fall work is just opening. Up to this time two-thirds of the subscriptions needed this second year have been pledged and more than half paid in by business men and other friends, thus evidencing the confidence of the citizens in the management and their appreciation of the good work already accomplished, and also assuring the financial success of another year. However, there are still others whose help will be needed to make up the required balance.

Let old Maysville do her best for the young men and this noble institution, and then perhaps in the near future some generous-hearted citizen, recognizing the importance and value of the Y. M. C. A. work in our community, will be led to give a round sum to start a building movement, which in due time may result in the erection of a beautiful home for young men which shall stand as a safeguard from the perils and temptations that beset them on every hand, and as a monument to the generosity of public spirited men and women.

The Bankrupt Sale

Of Clothing, Boots, Shoes, Hats, Caps, and Gen's Furnishing Goods

Bought from Messrs. C. Burgess Pearce and John Duley, Assignees of the late Mr. Greenstein, is just now the sole topic of bazaar-seekers. Whilst other clothing houses are scarcely doing any business, the bankrupt sale store is actually thronged with customers from morning until night. The stock is sold at Mr. Greenstein's old stand, Market street, near Second. If you want to buy good, desirable goods at about 50c on the dollar on original cost, we advise you to go there. The sale is in charge of Mr. H. H. Hechinger, Mr. John B. Daly, the well known clothing salesman, is also officiating, waiting on the trade. Special inducements to cash-buying merchants.
